COTTON PRODUCTION TO INCREASE

SEED IMPORTED -- Szabad Szo, No 243, 19 Oct 49

Imports of cotton seed from the USSR and Bulgaria resulted in production of 650 cadastral yokes of cotton this year. Cotton acreage will be increased to 2,453 cadastral yokes in 1950, 9,927 in 1951, 44,173 in 1952, and 196,000 in 1953. The yield will be 464 centners in 1949, 1,876 in 1950, 8,353 in 1951, 31,171 in 1952 and 165,439 in 1953.

FERTILIZER CONSUMPTION INDICATED -- Haladas, No 37, 15 Sep 49

This year, 5,204 carloads of superphosphate and 3,832 carloads of potassium nitrate will be used in agriculture. The fertilizers will be distributed through more than 2,500 cooperative warehouses.

MEMBERSHIP DRIVE ON FOR AGRICULTURAL COOPERATIVES -- Szabad Szo, No 239, 14 Oct 49

Another recruiting drive for membership in agricultural cooperatives will begin this month. Recruiters are being briefed, in order to make the drive an utmost success.
